## RIDT embarks on **Pink October** campaign

This year, RIDT is working with different businesses and entities to raise funds in support of **Breast Cancer Research** at the **University of Malta**.

The RIDT poster, which includes a QR code to facilitate direct donations, can be found in a number of retail outlets, hotels and clubs. These include **So City Hotel, M Vintage, Bershka, Pull & Bear, Stradivarius, Oysho and Massimo Dutti**. More businesses will be joining this campaign throughout October.

You can also donate on **Campus at Students House**, thanks to the support of **KSU**.

All donations will go towards supporting and empowering the researchers in Breast Cancer at the University of Malta.

Scan the the QR code above or follow this [link](#) for more details.

# Join Us in Making a Difference: Volunteer with RIDT!

At the Research Innovation and Development Trust (RIDT) of the University of Malta, we believe in the power of research to transform lives and shape a better future. Our mission is to support high-calibre research across all faculties and departments, fostering innovation and development on a national level. But we can't do it alone. We need passionate and dedicated volunteers to help us raise funds and awareness for these vital projects.

If you're ready to make a difference and be part of something bigger, we invite you to join our team of volunteers.

To sign up or learn more about volunteering opportunities, please contact us at [info@ridt.org.mt](mailto:info@ridt.org.mt). Click here to find out [more](#)

**HILI  
VENTURES**

## *Another two PhD scholarships funded by Hili Ventures*

Thanks to the financial support of **Hili Ventures Ltd**, two more PhD scholarships are being awarded in the area of Child and Family Centred Care. This brings the total number of PhD scholarships supported by Hili Ventures to four.

RIDT is grateful for this generous contribution and looks forward to a continued collaboration with Hili Ventures.

# Science in the City 2024

This year RIDT participated in the annual event Science in the City.

The project presented focuses on the issue of traffic and presents a multi-modal solution which incorporates a Maltese electric bus.

This project is a collaboration between RIDT, Mizzi Studio and the University of Malta.
